## Academic and Career Planning Program

*Supported by the Albert E. Brandt Fund*

Richard Brandt, Monona Grove Class of 1961, has made a generous donation of \$50,000 to the Monona Grove Education Foundation (MGEF) in memory of his late father, Albert, an attorney and local leader in the establishment of the Monona Grove School District. The untimely passing of his father, just prior to Richard's freshman year at Monona Grove High School, meant the loss of the primary source of guidance Richard needed for a successful high school career and beyond. Fortunately some of his high school teachers, along with other mentors, recognized his abilities and were able to direct his talents toward developing the skills necessary for academic achievement and goal setting. As a result, after successfully completing high school he was prepared to realize the goals he set by graduating from the University of Wisconsin-Madison and Harvard Law School and became a successful attorney.

Richard has requested that his donation be used by MGEF to create a program for Monona Grove students so they may be prepared academically to explore all career options suited to their abilities and to assist them in developing meaningful and achievable life time goals. In particular he is interested in reaching students who are not familiar with the need, expectations or skills necessary for successful post high school career success and the chance to live a meaningful and productive future.

A rapidly changing world demands everyone has the ability to adapt to career changes. Knowing how to learn is a lifelong career skill necessary for success after high school. The Albert E. Brandt Fund will provide funds to assist the development

## 2016-17 MGEF Teacher Grants

MGEF approved seven grants for the 2016-17 school year. Grant winners and their projects include:

- Replacement and construction of the elementary playground at Cottage Grove School (**Kate Mennenga**, \$1,000)
- Spoken Word-Student Voices group to promote adolescent growth and development, personal expression, acceptance and understanding and positive problem-solving at MGHS. (**Melissa Smith & Michelle Baxter**, \$400).
- Purchase four classroom sets of 25 copies each of the book "A Trip Back in Time" on what it would have been like to live in the historic Nathaniel and Harriet Dean House in the 1880's and fund a trip for all district 2nd graders to visit the Dean House. (**Barb Trapp**, Winnequah School and HBGHS - \$1,000)
- Creation of an action plan by MGHS students for sustainability projects which help the

environment and their school/community.

- Winning students will use funds to complete their projects with the rest of the class. (**Tyler Kuehl**, \$1,000)
- Expand Winnequah School's inventory of movement/innovative materials by adding ball chairs and other innovative equipment such as Ergo Seats, Runtz, Kneeling, Spooner (foot fidget) and Wobble Chairs. (**Kelly Vetter** & others - \$973)
- Pilot a scaled version of a "Wilderness Skills" hike of the Ice Age Trail for a small group of MG21 Seniors in Spring, 2017 with a plan to implement the full project for the 2017-18 school year. (**Rebecca Fox-Blair** & others - \$3,000)
- Celebrating Culture through Dance – Drumlin Hip Hop. Funds will be used to pay for dance instruction with an emphasis on modern dance, Folk Fusion, spoken word and Hip Hop at Glacial Drumlin School (**Renee Tennant** & others - \$1500)

## MG Boys Swim & Dive Team Wins Third Straight State Title!

The Monona Grove High School boys swim team won their third straight WIAA Division 2 State Championship on February 17 with the second highest team score in meet history. They've won the State Championship 4 of the last 5 years. The Silver Eagles won all three relay races. Junior **Ben McDade** won the 200 and 500 freestyle races, breaking his own state meet record in the 500. Junior **Eric Storms** took first in the 100 backstroke and second in the 100 butterfly. Georgia Tech recruit **Henry Carman** won the state diving title after coming in second the past three years. **McDade** was later named the Wisconsin State Journal/WisconsinPrepZone.com All-Area Swimmer of the Year for the 2016-2017 season. Finally, Coach **Kelly Chadesh** was named the All-Area Coach of the Year.

## Rebecca Fox-Blair named 2017 MGEF Gala Honoree

**Rebecca Fox-Blair**, co-founder, Executive Director and teacher of Monona Grove's MG21 Liberal Arts Charter School will be honored at the Education Foundation's Annual Gala on Saturday, November 4, 2017. She has a Bachelor of Arts degree in history and earned her teacher certification from the University of Wisconsin-Madison. Rebecca has been a teacher for over twenty six years, beginning her career as a social studies teacher at MGHS from 1991-93. She returned to MG in 2000 after teaching for eight years at Oregon High School. She is certified in history, broadfield social studies, charter schools and alternative education.

In 2010, Rebecca and now retired teacher, William McDonald, started the Monona Grove Liberal Arts Charter School for the 21st Century (aka MG21) to meet the needs of Monona Grove students who were looking for a smaller, project-based educational community. MG21 incorporates Rebecca's belief that education must educate the whole person through a student-driven, meaningful, and challenging learning environment.

Rebecca was a 2010 Kohl Education Foundation Fellow award winner. She has long been an advocate of student activism and has advised student council, Model United Nations, the Rape Crisis Center Imagine program, peer education, the OHS GSA and a multicultural education club. Currently, Rebecca works to incorporate service learning opportunities for MG21 students. Projects include the school garden, citizen lake monitoring of Lake Monona with the DNR, work on the Ice Age Trail, projects with the Monona Public Library, and the Monona Mural in conjunction with the city of Monona and Dane Arts Mural Arts.

Rebecca is married and the mother of two children, ages 14 and 18. In her free time she enjoys camping, gardening, reading, fishing and taking her dog for long walks.

Check out our website (<http://www.mononagrove.org/welcome/education-foundation.cfm>) later this summer to see the official announcement and learn how you can buy tickets to the event.

of an Academic and Career Planning (ACP) program for Monona Grove students. ACP is a part of the school district's Service Delivery Model that helps students prepare academically for career options. Many students lack access or exposure to a career planning process best fitting their individual situation or abilities. They may not have family members or other adults in their lives that have any formal post high school education and assume that college or a vocational/technical education is not for them, or they may be an underperforming student who needs assistance in recognizing their abilities. More attention needs to be focused on this type of student to ensure they are aware of the opportunities and options available and prepare them academically now so they have the capability for learning after high school. The end result will be a student prepared to adjust and adapt their career as necessary to achieve the life goals they seek. As a part of its mission MGEF has a high level interest in the success of this program and its benefits for Monona Grove students.

Beginning in 2017 MGEF will work with the Monona Grove School District to begin coordinating and implementing a three to five year program to realize the goals of this donation. The program is open to all Monona Grove students, including those at the MG 21 Liberal Arts Charter School. A key element will be making sure students identified by this program become, at a minimum, proficient in the core curriculum of language arts, math, science and social studies. If necessary, tutoring to attain proficiency in the core subjects is a priority. To maximize the opportunity for success, other school or outside agency programs such as School to Work, apprenticeships, work out aside of school, individual or group mentoring, business and school partnering, visits to post-secondary institutions or work places, military service, or other opportunities that will help these students will be used.
